VE4BB

Programming Tones Into Your Rig *By Derek, VE4HAY*

Date: Monday, November 9, 2009

Time: 7:30 PM

Place: Dakota Collegiate - (In the theatre)
661 Dakota Street (At Beliveau Rd.)

And now a word from the President *By Mark, VE4MAB*

I hate to say it, but I hope your yard work is done and antennas are in place because the cooler weather is indeed setting in which also means it's time to heat up the shack and start tuning the dials for some serious Ham Radio!

There seems to be no end to the possibilities! Which started simple has gotten quite technical. From the early spark gap to talking to the world on an HT from the coffee shop through IRLP. (Great way to pull a fast one on the Cell Phone companies!)

Although we can't control or have any luck with the current lack of a sunspot cycle, we do have some control over what happens here on earth, which is where Derek's presentation planned for our November meeting is all about.....

Using CTCSS to control interferences we find on local repeaters and how to program them into your rig.

Now if only the sunspots would cooperate! Whatever interests you make it your challenge. After all, that's what the fun is all about.

Stay Tuned!

Other Important Dates...

Other:

WARC Executive for 2009-2010...

President	Mark Blumm	ve4mab@rac.ca
Vice-Pres.	Garth Blumm	ve4gwb@gmail.com
Treasurer	Bob Jacobs	rcjacobs@mts.net
Secretary	Jim Sutton	Jim.Sutton@AAAalarms.ca
Membership	Garth Blumm	ve4gwb@gmail.com
Programs	Mark Blumm	ve4mab@rac.ca
Director @ Large	Vacant	
Past President	Geoff Bawden	ve4baw@rac.ca

Congratulations to **Geoff Bawden, VE4BAW**

After serving radio amateurs in both Winnipeg and Manitoba as President of the Winnipeg Amateur Radio Club Geoff Bawden has been ...

Elected President
Radio Amateurs of Canada for 2010

Our Vision

To increase public awareness and respect for Amateur radio; to provide education and support in all aspects of the hobby to our members in a social atmosphere

WARC Meeting Minutes, October 19/09

Taken by Jim, VE4SIG

Introductions

Review of minutes of Previous Meeting moved to approve by VE4HK & 2nded by VE4DAR

Any Business arising from those Minutes –none

Correspondence

Some membership renewals arrived

Committee Reports

DX – VE4SN

No sunspots but conditions have improved dramatically; on CW Europe comes in 1100-1300 hrs and dinner time also Japan, (Midway Island Dxpediton 5-7 on phone). Also heard Luxembourg Dxpediton on CW 20+9

RAC – VE4HAY

Although we got our exemption in Mb Bill 5; On has been given a 3 year grace period to move to Handsfree. SK & BC are also supposed to have bills in the works;

PQ& Maritimes have exemptions – be careful when you travel out of province!

A change coming to Club Insurance in Dec/Jan

ARES — VE4HK

next meeting is tomorrow nite (20 Oct 09) 1900hrs at Sir Wm Stephenson Library. It will be the AGM so no shows run the risk of being elected to the Executive.

Education—Nothing to report

Flea Market –VE4SE

Year	Attendance	Canteen profit	Tables sold
Oct 09	195	\$247.42	26
Apr 09	173	\$233.22	Historically 24-30
Apr 07	202	\$209.76	

Questions Asked

Do we need 2 Flea Markets a year? Yes - Most people felt it was a good opportunity to get together

Are the Start Times OK – Yes – gives out of town attendee's time to come in. Had attendees from Fort Frances; Brandon, Portage La Prairie.

Is 30 minutes sufficient setup time for Vendors – it was agreed 45 minutes is better.

Food – seemed to be enjoyed by all. 80 bunwiches made only 4 not sold. 33 muffins made – all sold. Positive remarks about the food. Facility setup is excellent at HVCC. Maintain the Status Quo.

Prizes – almost no one indicated they would not attend if there were not door prizes. Is this worth the effort of trying to award them?

PA system is unsuitable – how do you get peoples attention to announce winners – (VE4SIG – suggests – Cow bell or Air horn, siren – (I can supply) to get attention before using the PA system to make announcements).

Times – no one seems to know the times despite being announced on 2M net & in Newscaster & website. People showing up at 0900 when doors don't open till 0930 – put a sign on the front door with times!

VE4SIG suggestions/observations
Have a supply of "My name is" stickers for those people not wearing Callsigned name tags/hats/jackets etc to put their name & callsign on.

Put WARC table just inside the front reception area (right after the foyer) so people paying for membership aren't clogging up people pausing to get in – be close to an outlet and bring an extension cord to run laptop.

Also have some information for the non-hams who show up. Hang the WARC banner (we do have a banner don't we)

This year announcements were sent out to a number of media outlets, KIJJI etc – perhaps we need to inform neighboring clubs? TCA? GF? Fargo?

Have a club table – I have stuff in my basement I would donate for the club table – (bet everyone does). PRO's – more stuff for people to buy, cleans out the basement, added revenue to club. CONS – someone has to collect & price the stuff, man the table and then what happens with stuff not sold.

Finances -

Revenue	\$1086.45
Prizes	\$117.51
Food	\$121.03
Room Rental	\$75
Profit	

Next FleaMarket April (date TBA) Bob to book hall.

Treasurer—VE4RCJ

At start of Sept we had a balance of \$5544 and \$5730 at end of the month.

The draft budget was distributed and discussed. It was moved to vote by VE4DAR & 2nded by VE4HK – put to vote and passed.

Old Business

President reminded everyone we still need 2 people to flesh out the executive.

New Business

Xmas party is coming up – who wants to plan it?

Good & Welfare

Members were reminded that effective Oct 25th both Ve4WPG and VE4VJ repeaters will need a 127.3hz tone to be accessed. If you need help getting your radio programmed contact VE4VB and VE4AJO. VE4VZ informed everyone they can usually get a tone board installed in their radio if it is not tone capable. VE4 informed everyone they can run freeware on their PC

to supply tones for a base station.

Winner of 50/50 was VE4RA \$14.10

The winner of the door prize was VE4DDS who took a Tap & Die set home

Moved to adjourn

Presentation by VE4MAB on Foxhunting. Some members expressed interest in the practical applications of this.

WPGARES**By Jeff, VE4MBQ****Emergency Coordinator**

Thanks to all who participated in the Winnipeg ARES Silent Auction during the WARC Flea Market SUN 18 OCT. Prize donors were:

VE4CRS
 VE4DAR
 VE4OL & Mary Bell
 VE4ESX
 VE4JNF
 VE4PN
 VE4SYM & VE4TRO
 VE4HK & VE4MMG
 VE4XYL & VE4SE
 VE4YYL & VE4GWN
 Terry Fox Foundation
 Prairie Battery
 Canada Safeway (Sargent Ave)
 Boston Pizza (Portage Avenue)
 Environment Canada
 Whytewold Emporium
 Linden Ridge Eye Care
 CTV
 Hilton Suites
 Kinetic Machine Works.

Prize winners were:

Lot 1 VE4GWB
 Lot 2 VE4GWB
 Lot 3 VE4JNF
 Lot 4 VE3HWN
 Lot 5 VE4RCJ
 Lot 6 VE4JLD
 Lot 7 Mary Bell.

Special thanks to Rosi VE4YYL and Glen VE4GWN for getting it all organized.

Nominations for the 2009-2010 Winnipeg ARES Executive opened at the conclusion of the SEP 2009 General Meeting and closed TUE 13 OCT. One nomination was received for each open position, therefore the nominees were elected by acclamation:

*What have you done to "promote
 amateur radio this week"*

That line we credit to an old News stalwart, Peter Parker with using in his old VK1 and VK3 casts many years ago and it still stands true -WIA

President Glen Napady VE4GWN
 Secretary Dick Maguire VE4HK
 Treasurer Susan Collings VE4SYM.

During the Annual General Meeting the 2008-09 Financial Statement was approved and the 2009-10 Proposed Budget was approved. In the past year we were involved with the following:

Alerts, Call-Outs, Exercises & Tests	6
Public Service Events	5
Educational Meetings	11

A detailed summary has been provided to the membership.

Ellis Seddon VE4AJO and Jan Schippers VE4JS attended the City of Winnipeg WEM Course 20-23 OCT. Thanks to Ellis VE4AJO for programming in the 127.3 Hz tone on the EOC radios so that we can access VE4WPG in the future.

Thanks to Walter VE4VB for programming the necessary CTCSS tone into our old commercial Phoenix radio (normally kept in WFPS Mobile Command Unit). I programmed all tone-encode capable ARES HTs a couple of weeks ago and just need to program a few of our mobile radios by 25 OCT. Kent VE4KEH will look after the VE\$WVO radios and Don VE4DJ will look after the VE4EMO radio.

Thanks to David VE4DAR for donating an alkaline battery case for one of our HTX-202 HTs to replace one that was lost during Flood Operations.

Our next General Meeting is TUE 17 NOV Sir Wm Stephenson Library 765 Keewatin St.

We will start photographing Winnipeg ARES members for their new ARES ID cards by 1845h (maybe even by 1830h).

Scheduled Guest Speaker is Adam Cheadle from MPI Road Safety Programming and he will deliver a presentation on Winter Driving.

VE4BAW resigns from Chair of Marathon Amateur Radio Committee By Geoff, VE4BAW

Be advised that I will be resigning from the Marathon amateur radio committee effective January 1st [at the latest].

I note that the reason that I undertook leadership of the Marathon committee was that after many years of effective management both Jeff [ve4mbq] and Rob [ve4rst] decided to take a well deserved sabbatical. It seemed that without an intervention to provide leadership that there would be no amateur radio support at the Marathon.. That would have been in my view almost a crime due to the many years of support that amateur radio had given to the Marathon and the on-going enthusiasm of radio amateurs.

I want to thank Albert [va4as] for agreeing to provide desktop publishing services [a new and effective process] and Don [ve4dwg] for his hard work at producing a data base. I want to thank John [ve4jnf] for his enthusiastic work and very supportive and positive attitude ... these three made it possible for the committee to succeed. Derek [ve4hay] and Norm [ve4eh] were and continue to be stellar in their role as NCS for their respective nets.

I offer no opinion as to the formation of the 2010 committee [wow that date seems science fiction] ... but I am sure that this activity will be in good hands.

I will not be calling any additional Marathon meetings. I suggest that Jeff [ve4mbq] consider calling a meeting at an appropriate time to sort out the committee structure for 2010. I will advise the Marathon authorities.

Geoff VE4BAW

Thanks Geoff for all your hard work!

News From The Net

RAC Bulletin 2009 34E Canadian Experiments at 500kHz authorized

After months of negotiations between RAC and Industry Canada over the details of the licence applications and reporting conditions, the first two licences granted to Canadians for experiments at 504 – 509 kHz in preparation for WRC-12 have been issued by Industry Canada ([see RAC Bulletin 2008-29](#)).

Jack Leahy, VE1ZZ, has been assigned call sign VX9PSO in the Developmental Service for his experimental transmissions. Joe Craig, VO1NA, has been assigned call sign VX9MRC. Both of these stations have been on the air already, with VX9PSO having been reported at 504.6 kHz and VX9MRC at 507.77 kHz. Signal reports can be addressed to the operators at their call book addresses.

Two more authorizations, in Ontario and British Columbia, are expected soon.

Richard Ferch, VE3KI
Vice President, Regulatory Affairs - Radio Amateurs of Canada

RAC Bulletin 2009 32E Military radiolocation system to operate on 70cm

As described in Schedule I of RBR-4, amateur usage of the 430-450 MHz (70 cm) band is on a no-protection, non-interference basis. Amateurs may not cause interference to nor be protected from interference from stations licensed in other services operating in that band. The same is true in the United States, and amateur operations on this band in a number of areas of the United States have power limits imposed on them in order to avoid interference to radiolocation services operated by the US military.

Industry Canada has informed RAC that it has authorized the Department of National Defence to use a digital system called Enhanced Position Location Reporting System (EPLRS) on these frequencies. The EPLRS system consists of mobile, fixed, transportable and airborne stations that use 5 MHz-wide spread spectrum channels to provide strategic telemetry information for military platforms.

This authorization is on a no-protection, non-interference basis, which means that no new restrictions will be imposed on Canadian amateur operations

in this band as a result.

Industry Canada has informed RAC that there is a slight potential for interference to amateur radio systems, typically in the form of a minor audible clicking noise. If Canadian amateurs encounter such interference, they are requested to report it to RAC at regulatory@rac.ca. The information reported should include the geographical location, date, time, frequency and mode being used by the amateur station, and a description of the interference.

Questions or concerns regarding the planned implementation of EPLRS may be sent to regulatory@rac.ca.

Richard Ferch, VE3KI
Vice President, Regulatory Affairs - Radio Amateurs of Canada

RAC Bulletin IARU Announces "GlobalSET 2009"

On Saturday November 14, 2009, from 1800 to 2200 UTC, the International Amateur Radio Union will activate "GlobalSET 2009", a Global Simulated Emergency Test that encourages Hams to pass simulated emergency traffic using standard National Traffic System format.

The Radio Amateurs of Canada, a member society of IARU Region 2, encourages all Canadian Radio Amateurs having an interest in emergency communications to participate.

Rules and a list of participating stations may be found at <http://www.iaru-r1.org>. Search under the heading, "Emergency Communications", working group.

This is great opportunity for RAC members to observe and practice important traffic passing skills that are so important to the fundamentals of the Amateur Radio Emergency Service.

Those Amateurs planning to participate are requested to register with the RAC Vice President for Field Services as soon as possible by emailing vo1dtm@hotmail.com.

Doug Mercer VO1DTM
