Phased Array Antennas

By, Peter VE4TTH

Date: Monday, March 10, 2014

Time: 7:30 PM

Place: Dakota Collegiate - Theatre *See you there!*
661 Dakota Street (At Beliveau Rd.)

The President's CQ, By Garth, VE4GWB

Hello all, still cold, still winter, and wondering if we get extra points for doing Field Day in a igloo if all this snow does not melt in time. Anyone interested in organizing Field Day this year? Rolf VE4VZ will gladly mentor anyone who is. Doesn't have to be one person, it can be a few or a group. Please contact me or Rolf if interested.

I'm looking forward to Peter's presentations on "Phased Arrays" using the same emphasis Charlie Sheen used in the movie The Arrival. If and when the snow melts you may want to do some antenna work of your own. You may pick up some tips from him.

Thank you to Vera VE4VMM for organizing Basic Short Course 7 which is now full. If you know anyone interested that did not make it into this class please refer them to the WARC website under education to get them on the list for the next class.

Less than a month and a half until the spring flea market where we will draw at high noon for the Icom ID880H Mobile (or\$500 cash) whichever the winner chooses. You can get tickets from me, Glen VE4GWB, Mark VE4MAB, Bob VE4RCJ and up until the flea market from Micro Hightech on Leila. They will be sold at the market as well up until 11:30am. Thank you to all that already pre-purchased tickets and help support the club.

Don't forget to get those home brew projects completed for April. See you all at the meeting.

Last but not least elections are coming up in June. Thinking about throwing your name in for the vote. Talk to me or one of the other executives. Being on the executive is not as hard as it seems. And can be rewarding.

Thank you and see you at the meeting.

Other Important Dates...

Newscaster: Deadline April 2, 2014

WARC: Monthly Meeting Dates...
April 14, 2014
Home Brew Night

WSC: 2nd Thursday of month
Breakfast - Garden City Inn

ARES: Tuesday, March 18, 2014
Sir Wm Stephenson Library
765 Keewatin Street
CPR/AED training (No general meeting—See details in the ARES report)

Other: April 13, 2014 - Spring Flea Market
June 15, 2014 - Manitoba Marathon

WARC Executive for 2013-2014...

President	Garth Blumm	ve4gwb@gmail.com
Vice-Pres.	David Latour	djlatour@mts.net
Treasurer	Bob Jacobs	rcjacobs@hotmail.ca
Secretary	Doug Henry	doug.henry1@gmail.com
Membership	Ross Gibson	rossg@prefixservice.com
Programs	Allan Grant	allangrant@hotmail.com
Past President	Mark Blumm	ve4mab@mymts.net

Our Vision

To increase public awareness and respect for Amateur radio; to provide education and support in all aspects of the hobby to our members in a social atmosphere

***WARC Meeting Minutes,
February 10, 2014
Taken by Doug VE4TG***

President Garth VE4GWB called the meeting to order at 7:30 PM.

Introductions by members.

Minutes

President moved that Dec minutes be accepted as corrected, moved by Dick VE4HK, seconded by Glen VE4GWN. Approved by show of hands.

Treasures Report

Bob, VE4RCJ, advised we ended the month December with a balance of \$ 8,054.07, cheques in amount of \$ 137.81 and credits of \$ 96.97 giving a bank statement balance of \$ 8013.23 when combined with outstanding cheques of \$ 300.00 resulting in a true bank balance of \$ 7513.23. Our PayPal balance at end of December was \$ 475.23 with payments of \$ 65.00 and expenses of \$ 2.19 leaving a balance at end of January of \$ 538.04. this amount when combined with bank account left us with a cash balance of \$ 8,051.27.

Membership

Ross away

Flea Market

Dick VE4HK reported that next flea market will be 13 April 2014 Sunday, April 13, 2014 at the Heritage Victoria Community Club, 950 Sturgeon Rd, (2 blocks north of Ness Avenue). See Ruth VE4XYL to book a table for \$5 members, \$10 non-members. Ruth's telephone number is 204-837-6915. Still looking for a volunteer(s) to take over Ruth's kitchen. WARC will be drawing raffle tickets for D-Star ID-880H mobile radio or approximate cash equiv of \$500. MRS will have tech equipment on hand to evaluate radios. Doors open at 0930, vendor setup at 0945 to 1030. Persons interested in selling raffle tickets should see Garth. D-Star and MRS will both have tables setup. Adam VE4SN will have a table setup for distribution of Bureau QSO cards. Two door prizes will be distributed, 1st prize of \$100 and 2nd prize of \$50. Admittance is now \$5 per person. Still looking for volunteers for Ruth's kitchen.

Programs

March - Phased Antenna Arrays by Peter VE4TTH,
April - Home Brew Night, May and June - TBD.

Winnipeg ARES Report

Jeff, VE4MBQ, is away, see Newscaster report
Still need volunteers for Klondike days - contact Jeff.

RAC Report

By Derek VE4HAY - Industry Canada planning to redo tower standards. New regulations will be focused on commercial installations but may impact ham interests. Commercial firms took advantage of current rules to put up numerous towers under 15m. Derek is involved in negotiations with the City of Winnipeg regarding tower installations and hopes to get exemption for hams up to 17m. Hams can put tower on private property, don't need fence.

Have 5 new frequencies in 60m band, 5 channels with defined band widths, 100 watts PEP effective radiated power. Check RAC bulletins or Industry CA web site for exact details. Industry CA issued 600m band, 1 watt ERP, no interference to ships.

Derek wished all the ladies a Happy Valentine's Day.

Education Report

Vera, VA4VMM, reported that the next Basic amateur radio course will be starting 22nd of March 2014. There are 6 openings left at meeting time. (Now sold out).

DX Report

Rolf, VE4VZ, reported 10 meters is wide open, lots of activity on 20m as well.

New Business

Booking of field day location is complete.

Rolf will provide lunch for field day, sausages and buns. No longer wants to organize field day.

President Garth presented Shaftsbury High School with plaque recognizing WARC's \$ 500 contribution toward two RF receive preamps.

Gary, VA4GWT, suggested the formation of a committee to look after organizing events for occasions such as field day and other similar events.

Amish, VE4JDH, moved a motion prepared by David, VE4DAR, that WARC award the Seniors club a \$ 50 honorarium in recognition of their aid to the furtherance of ham education by making their facilities available for the Basic classes. Seconded by Dick, VE4HK, approved by show of hands

Garth looking for volunteers with trailer to help move gear to field day site.

Ruth, VE4XYL, volunteers to do coffee for field day. WARC Exec will figure out what to do with food for the event. Continued...

Ruth, emphasized the importance of having someone looking after food due to losses in summer heat plus need to have some left over for breakfast. Need coolers to preserve food, feels we need a committee to do this.

Motion to adjourn general meeting by Dick VE4HK.

The evening concluded with a Mesh Radio presentation by William VE4VR.

Manitoba Marathon

Jeff Dovyak VE4MBQ ve4mbq@rac.ca

The 2014 Manitoba Marathon will be SUN 15 JUNE. For on-line volunteer registration please go to <http://winnipegarc.org/marathon.html>

We only have approximately 30 volunteer operators at this point, we need 85-90 volunteer operators.

Thanks to Rob VE4RST for covering the first Medical Committee for 2014 that clashed with the FEB

Winnipeg ARES

Jeff Dovyak VE4MBQ ve4mbq@rac.ca

Bob Poole VE4MAQ and Richard Kazuk VE4KAZ provided us with an excellent primer on Klondike Derby and ARES operations during Klondike Derby at our FEB General Meeting. Currently there are thirteen Winnipeg ARES members and one affiliate registered as volunteer operators for Klondike Derby 01, 02 MAR at Camp Amisk.

CANWARN Spotter Training will be SAT 22 MAR in Morris Manitoba. Since we have outgrown the local fire hall, Gord VE4GLS has arranged for the conference room at a local Chinese restaurant (details to follow from Gord). Group Lunch at 1100h with training beginning 1215h. There will be a choice between a Chinese food buffet and a few a la carte items (like a cheeseburger & fries).

I need to know by FRI 14 MAR who from each ARES Unit/CANWARN District is attending, whether or not they are coming for lunch and if so whether they are doing the lunch buffet or have a specific order. CANWARN Spotter Training is open to all certified Amateur Operators. A reminder for the ARES members close to Winnipeg, we need additional volunteer Net Controllers, Bill VE4ALW seems to have little trouble driving in from Portage to run VE4WWO when there's severe weather and he is on-call. Spotters – Amateur only is OK, Net Controller - must be a card-carrying ARES member. David VE4DLA and Garry VE4VD

will be joining us as new Net Controllers this season, couple/three more wouldn't hurt.

We are going to skip a General Meeting in March and instead are dedicating the whole session TUE 18 MAR to CPR/AED training. Please register in advance with Garry ve4vd@rac.ca if you are a Winnipeg ARES member and plan to attend. The training session will be held at 1900h Sir Wm Stephenson Library 765 Keewatin Street.

D-Star's "D-Tip" Of The Month By, Glen VE4GWN

Although simply Keying up on D-Star transmits our call signs please remember to Voice your Call Sign and intentions when controlling the D-Star system such as when linking or unlinking repeaters/reflectors as you would on an analog system.

This will let those monitoring and not looking directly at their screens know which Call Sign is controlling the D-Star system and which reflector or repeater is being linked to or unlinked from.

Also, please remember to ask if the system is in use before unlinking from a reflector or repeater.

Manitoba Repeater Society

The Manitoba Repeater Society operates and maintains a linked repeater system across southern Manitoba, including Winnipeg.

If you are a user of any of these repeaters, we urge you to support the group by becoming a member.

Remember to Renew for 2014
Memberships expired December 31

VE4MAN - Starbuck, VE4CDN - Morris,

"I Feel Good"

By David VE4DAR

"I feel good...I knew that I would" sang James Brown years ago. Well, those lyrics hold for me as workshops designed primarily for recent grads of the Basic Short Courses achieve fruition.

Last year and again recently Rolf VE4VZ shared his experience and knowledge by giving helpful tips on how to set up and operate your first ham station. Participants said they liked the workshop and would like more. They realize the "short" courses just can't contain all the knowledge and practice previously found in 3-month and longer courses.

Jim VE4SIG helping Vera VA4VMM

On Saturday, February 22, WARC attracted 11 participants to a workshop at the Seniors. A mix of new hams and older call signs made roll-up J-pole antennas. After reviewing some theory on the antenna, Jim VE4SIG and Lawrence VE4SS gave tips on how to solder. Then they guided participants as they measured, cut, stripped, soldered, and crimped on the connectors. Rolf helped with testing and adjusting the new antennas.

Lawrence VE4SS illustrating a technique

Measure twice, cut once

I felt good as I shot a few photos and watched hams sharing tools, helping each other, and having fun. Isn't that what a club and hobby is all about?

Pete VE4PH analyzing Robin VE4WMT's work

BTW, Basic Short Course 7 has sold out a month in advance with several persons already on the next waiting list!

WARC Spring Flea Market **By, Dick, VE4HK**

Hello, out there in radioland. The WARC Spring Flea Market is now just over a month away! Have you marked every calendar in your house with a bright yellow highlighter on April 13, yet? No??? Better get busy!

The WARC Spring Flea Market is scheduled for Sunday, April 13, at Heritage Victoria Community Club, 950 Sturgeon Road. Every ham, new or old is welcome to attend.

The Flea Market is a great opportunity to meet and greet hams, and for new hams to ask all those questions you may have. Doors open for delicious coffee and muffins at 9:30 am, After an hour of eyeball QSO's, the doors of the main hall will open at 10:30 to a cornucopia of fantastic ham gear, piled high on every table.

Be sure to stop by the Winnipeg ARES table, for a chance to win one of the lots in their Silent Auction.

Did you work that rare DX station, or that DX-pedition recently? Adam VE4SN, the QSL bureau manager for Manitoba, will have a briefcase filled with cards for everyone. That card you absolutely gotta have just might be there!

Manitoba Repeater Society will have a table with test equipment to check out your HF, VHF or UHF radios. Feel free to bring your radios from home. Yori or Ellis will be happy to check them over. ***Don't forget the manual***. Before you buy that radio at the Flea Market, ask the guys to have a look first. You can pay your MRS dues, if you haven't done so yet.

The D-STAR group will have a table. Do you have any questions about D-STAR? This is your best chance to get answers. Radioworld and Fleetwood Digital will

Eyeball QSO at the Arches

Saturdays and sometimes Sundays
McDonald's—St. James and Ellice
0745-0930 hours

Start your weekend right!

Get together with your fellow hams, talk tech, and learn from others about the latest rigs.

Nostalgia Radio **CJNU 93.7**

Now Full Time At Their New Frequency!

CJNU 93.7 FM is where you'll hear the very best easy listening music that has been popular over the past eight decades!

Visit their web site for info and their SKED at
<http://www.cjnu.ca>

have flyers with special Flea Market pricing at one table. Both companies have promised very nice prizes to the Flea Market. I am hoping to get at least one more major amateur company to sponsor us.

The Flea Market is the final morning to purchase tickets for the WARC D-STAR mobile radio. Tickets are 1 for \$5.00 or 3 for \$10.00. The proceeds enable WARC to pay for annual insurance and other costs..

There are only a handful of tables left for this Flea Market.

Call Ruth
VE4XYL

ve4se@mymts.net or 204-837-6915 right away, if you haven't booked your spot yet. Tables are only \$ 5.00 each for WARC members, and \$ 10.00 each for everyone else.

Be sure to hang around for the draws at 11:30. We will have lots of really exciting prizes this year.

Winnipeg ARES will lead off with the winners from the Silent Auction. First prize in the attendance draw will be \$ 100.00. Second prize \$ 50.00. I have been promised some other nice prizes as well. The day will be topped off with the draw for the WARC D-STAR Icom D880 mobile radio

Remember that admission at the door is \$5.00 per person

RAC Bulletin 2014-005E

IC Proposes Changes to Antenna Siting Protocol 2014-02-28

Earlier today IC released a consultation Document <http://www.ic.gc.ca/eic/site/smt-gst.nsf/eng/sf10786.html> proposing changes to CPC-2-0-03, the Antenna Siting Protocol to address the Industry Minister's policy statement of 5 February 2014 removing the 15m exemption for "cell towers".

The RAC Bulletin of 6 February had commented on the Minister's policy statement and urged that the drafting of the regulatory changes should follow closely the Minister's statement. It provided several reasons why the exemption should not be removed for radio amateurs.

The consultation document released today proposes exactly the type of change to the height exemption RAC favoured. The 15m exemption would remain but not apply to "broadcasting undertakings and telecommunications carriers".

The consultation document proposes a number of other small changes to CPC-2-0-03 and RAC will look closely at these before completing its comments on the proposed changes. Industry Canada will receive comments from the public on these changes by 31 March 2014 and finalize the changes shortly thereafter.

Some radio amateurs had expressed concern that there might be a blanket removal of the 15m exemption, forcing those wanting to install any antenna into cumbersome notification and consultation processes. This now seems unlikely but we need to follow through on the consultation process to make sure this is the final result.

RAC will respond on behalf of all Canadian amateur radio operators.

Glenn MacDonell, VE3XRA
RAC Vice-President Regulatory Affairs

Vernon Ikeda - VE2MBS/VE2QQ
Pointe-Claire, Québec
RAC Blog Editor/RAC E-News/Web News Bulletin Editor

RAC Bulletin 2014-004E

RBR-4 Confirms Access to 137 Khz. 2014-03-15

Industry Canada approved access by Canadian radio amateurs to the Low Frequency (LF) band 135.7 -137.8 kHz, subject to certain conditions in late 2009. This was a direct result of implementing changes from the World Radiocommunication Conference (WRC) 2007, which added amateur use of this spectrum on a Secondary basis. This has now been included in the newly updated RBR-4 Standards for the Operation of Stations in the Amateur Radio Service.

(<http://www.ic.gc.ca/eic/site/smt-gst.nsf/eng/sf10650.html>) Canadian amateurs are reminded that the maximum emission bandwidth in this band is 100Hz (e.g. cw, BPSK31, BPSK63, etc.) as well as a maximum EIRP of 1 watt. These conditions are found in Footnote 5.67A: "Stations in the amateur service using frequencies in the band 135.7-137.8 kHz shall not exceed a maximum radiated power of 1 W (EIRP) and shall not cause harmful interference to stations of the radionavigation service operating in countries listed in No. 5.67. (WRC-07)".

RAC welcomes reports of activities in this band, especially reports of DX achieved and useful operating tips. We are asking those active on this band to consider writing articles for TCA to help other amateurs get started on LF, given the large differences in LF antennas, and the need for homebrew transmitters, receivers, and/or transverters. Insights into propagation and other LF operating tips are also requested.

Thanks to Richard Ferch, VE3KI and Jim Dean, VE3IQ.

From your Midwest Director Derek Hay, VE4HAY

Membership number in RAC grew by 66 members in January from the close of 2013. At the end of January 2014 we had 4617 members. Of those members, 308 are Maple Operator members and 682 have chosen to receive their TCA electronically.

Let's keep the numbers going up, and please encourage your fellow hams to join RAC. With yours and their support we can continue to protect our frequencies and gain a few maybe at the same time.
