The President's CQ *By Garth, VE4GWB*

Hello and welcome back. I trust everyone enjoyed their summer. i.e. the last week of August.

Come out to the September meeting for a eyeball with some of the hams you have not seen in a while. and to welcome our newest member of the executive.

After the last meeting I spoke with David VE4DLA who will join us on the executive. Thank you to the continuing work by Allan VA4AJG, Ross, VE4RWG, Doug VE4TG and Bob VE4RCJ.

Your Newscaster will be brought to you again thanks to WARC's past president Mark VE4MAB.

Allan has some nice presentations lined up for us thru to December. Thanks to David and Roger for getting us another full class of future hams. Good luck to all!

Hope to see everyone at the September meeting.

Twenty-three Amateurs coordinated by Craig VE4CDM provided volunteer communications for the RCAF Run SUN 26 MAY. Participants were

VE4s HQ, STS, DJS, TG, TRO, BOY, SBS, ANF, KAZ, SE, HAH, GKS, GWB, SCH, HK, MMG, CHT, BN, KEH, DLA, CDM.
 Jeffrey Kazuk.

ALERT-110 took place 10 JUN, that was a Telephone Fan-Out asking Winnipeg ARES members to monitor a particular frequency for approximately ninety minutes due to approaching severe weather. Jim VE4SIG gave us an interesting presentation on CHIRP at our late JUN General Meeting. Aside from our ongoing CAN-WARN Program things were operationally quiet over most of the summer. COL Gary Solar provided us with a different perspective of Sir Wm Stephenson at our AUG General Meeting, many who know of Sir William as "INTREPID" probably were not aware of his successful background as a very successful international entrepreneur. A future presentation will cover the "spy stuff".

There is a separate report on the 35th Manitoba Marathon and our eighty-three Amateur and five non-Amateur volunteers.

Thanks to AEC Norman Coull VE4EH for being on-call for Winnipeg ARES when I was away in JUL & AUG. Dick VE4HK is coordinating the ARES operation for Parkinson SuperWalk SAT 07 SEP that will involve approximately twelve ARES members & affiliates.

Planning is underway for the ARES operation for the WFPS Half Marathon SAT 19 OCT – if interested in volunteering please contact VE4MBQ – totally different course from last year.

We are welcoming several new Winnipeg ARES members:

Patricia Haertel VE4PEH
 Pete Haertel VE4PH
 Garry Frankel VE4VD
 Paul Copio VE4TSY.

Our SEP General meeting is TUE 17 SEP 1900h Sir Wm Stephenson Library 765 Keewatin Street – Diane Perry VE4LDI is scheduled to give us a presentation about St John Ambulance Volunteer Operations (including radio communication).

This and That

By David VE4DAR

The coffee group, which had been meeting weekdays at Timmies on Waverly, has been temporarily displaced by renovations.

Their first stop was at A & W across the street. Nope! Then they tried Robbins south on Waverly. Not quite. Today I saw them at Timmies on Route 90 near IKEA. Not big enough. I heard they'll be trying Sals on Pembina and Stafford next. Try the coffee and wafer pie; that's a treat!

WARC's Basic Short Course 5 begins Saturday September 21 at the Seniors..

We have a full class of 18 students: 2 women, 3 teens, a teacher and a retired chap from Saskatchewan. Looks like an interesting group. I'm looking forward to teaching their first lesson. Roger and I plan to retire when the course is finished.

We thank all who contributed to the success of this new kind of ham course: the instructors, the Seniors and the support of WARC.

Manitoba Repeater Society

The Manitoba Repeater Society operates and maintains a linked repeater system across southern Manitoba, including Winnipeg.

If you are a user of any of these repeaters, we urge you to support the group by becoming a member.

Planning a mini-conference: Winnipeg SDR and radio system design

Software-Defined Radio systems are gaining popularity due to the extensive flexibility that is available when a large part of a radio system is implemented in software.

To develop this type of experience in Winnipeg, I'd like to organize a 1 or 2-day mini-conference that will feature labs on the use of many popular platforms as well as classes on their hardware, setup, and related projects such as the design of antennas, radio networks and advanced radio circuits.

It will likely happen during September or October at Skullspace. The cost maybe \$20 which would include at least one meal.

If anyone would like to attend the mini-conference as a guest, present a class on one of the above subjects or volunteer to run a SDR lab (I can supply the hardware and basic training, I just need others to dedicate their time), please contact me.

Colin Stanners CStanners@gmail.com

Thank you.

New RAC Corporate Secretary = Alvin (Al) M. Masse, VE3CWP
2013-07-22***

I want to welcome Alvin Masse, VE3CWP, as RAC's new Corporate Secretary. Al comes to us with a wealth of organizational skills, history and wisdom and will be a great benefit to RAC.

I am looking forward to working with Al. You can find out more information about Al in the short bio he provided below.

I want to thank Linda Friars, VE9GLF, for serving as Acting Corporate Secretary and also Paul Burggraaf, VO1PRB, for all his support.

Geoff Bawden, VE4BAW
President and Chair RAC

Alvin (Al) M. Masse, VE3CWP

"It is certainly an honour and a privilege to have been appointed the Corporate Secretary for Radio Amateurs of Canada.

I was first licensed on May 29, 1958, my 16th birthday, and I have been active for 55 years this past May. I enjoy all facets of the hobby, ranging from home brewing, experimenting with antennas, participating in contests, chasing DX (my present count is 326 confirmed mixed category), rag chewing and so on. I operate preferably on CW, but also enjoy QSOs on SSB, RTTY and PSK31. Just recently I got involved with DMR. I am also licensed as VX9GLC as a special endorsement for 60 metres. Lastly, I operate on all bands from 160 up to and including 440 MHz. My shack is visible on QRZ.com.

I retired two years ago from my own property management business after 18 years and prior to that I was a Bank Manager for two of our Canadian Chartered banks for 27 years. My educational background includes a Fellowship in the Institute of Canadian Bankers (FICB) and I have my degree in Business Administration which I acquired in time attending night school at various colleges and universities while working in the banking industry. Hopefully, my financial background will be of some value to RAC.

I recently joined as a member of RAC. I decided that if I was to join anything, I would be active somehow in the organization. The opportunity to become Corporate Secretary came up and having been a recording secretary for several charitable organizations to which I belong, I decided that this was a good way to learn about RAC and, hopefully, make a useful contribution to the organization.

I look forward to working with and meeting all of the members of the RAC Board and the Executive for an eyeball QSO as well as the members of the RAC administrative committees."

Good Luck In The Contest

SHS is planning to establish a complete satellite/ISS communication system ready by the end of the year. This amateur radio based station *will facilitate voice and video links from the ISS to schools and communities around the world.*

The proposed ARISS telebridge station (callsign: VE4ISS) in Winnipeg Manitoba *will be a first for Canada.* Operated by a group of dedicated students, award winning teachers, and amateur radio enthusiasts in Winnipeg, it will provide ISS voice and video links, satellite data and space related information to schools in Canada and around the world promoting STEM (Science, Technology, Engineering and Mathematics) in the classroom.

ARRISS stands for Amateur Radio on the International Space Station. ARISS is a volunteer program inspiring students worldwide to pursue careers in science, technology, engineering and math through amateur radio communications opportunities with the International Space Station.

ARRISS is a joint initiative among amateur radio societies and space organizations from ISS partner countries including Canada (CSA), the United States (NASA), Russia (RFSA), Japan (JAXA), and European Member Countries (ESA).

! " ! # \$

Phase 1 includes station assembly and operation by the end of 2013. To accomplish this goal *we need your financial assistance in raising \$15,000 by September, 2013.* In Phase 2 STEM curriculum for Manitoba schools will be developed, and students and educators around the world will be linked to the station.

WARC Fall Flea Market

The much anticipated WARC Fall Flea Market is not far away. Mark your calendars, iPads, stone tablets, or other media with Sunday, October 20. Be at our favourite location, Heritage Victoria Community Centre, 950 Sturgeon Road.

Doors open at 9:30 for exciting conversations, the best coffee in town, and those yummie muffins prepared with TLC in Ruth's Kitchen. Doors open for buying at 10:30 am.

Be sure to hang around for all the draws, beginning at 11:30. WARES will have their usual fantastic prizes for their Silent Auction. WARC door prizes are \$100.00 for first and \$50.00 for second place. You gotta be there to win.

Do you have a basement or garage filled with junk? Is your better half bugging you to clean up? The answer is to book a table or two, and sell all those goodies. You can use the money to buy some different toys from another table.

To order your tables, contact Ruth VE4XYL
ve4se@mymts.net or 204-837-6915.

Tables are only \$5.00 each for WARC members, and \$10.00 each for everyone else. (All the tables sold out last spring)

Admission is \$3.00 per person. Please have exact change at the door, to speed up the process.

The Flea Market is one of the top social events on the amateur calendar in Winnipeg. It is even bigger than the gang which meets at the Golden Arches on Saturday mornings, hi hi. Fill your car with friends and c'mon down to the WARC Flea Market Sunday, October 20, 2013
